PROFESSIONAL SUMMARY

I'm Priyadharshini E P, a final-year Bachelor of Engineering student at K S Institute of Technology, specializing in Computer Science and Engineering. I'm deeply passionate about development—whether it's building applications, crafting intuitive user interfaces, or exploring the potential of AI and IoT to solve real-world problems. I love working on projects that blend innovation with social impact, especially in areas like technolinguist, health-tech and community empowerment. I'm a quick learner, a creative thinker, and someone who thrives in collaborative environments. My goal is to contribute meaningfully to a tech-driven team where I can apply my skills, learn from experienced mentors, and grow into a professional who designs and structures impactful technology solutions. Intern with a strong foundation in decision making, conflict resolution, and organizational skills developed through practical experience. Proficient in negotiation, multitasking, and leadership to effectively manage tasks and foster collaboration. Holds a Bachelor of Engineering degree and aims to contribute creativity and analytical skills to drive impactful solutions.

COURSES

- Java Database Connectivity JDBC - Servlet and JSP, Infosys Springboard
- The Joy of Computing using Python, NPTEL Certification (Elite + Silver Medal)
- Introduction to Machine Learning, NPTEL Certification
- 5-Day Industrial Training Program on "Electric Vehicle Technology", Sri Manakula Vinayaka Engineering College
- Unix Linux OS - Unix Commands in Details, Infosys Springboard
- Using review & reference tools in Google Docs 2022, Infosys Springboard
- Software Engineering and Agile software development, Infosys Springboard
- Introduction to the Computer Networking, Simplilearn
- Computational Theory:Language Principle & Finite Automata Theory, Infosys Springboard
- Become a Deep Learning Engineer : Introduction to PyTorch, Simplilearn

LANGUAGES

English, Tamil, Hindi, Kannada

HOBBIES

I love reading books, hiking through scenic trails, and going for long runs to clear my mind. I enjoy exploring new cuisines and learning about different cultures. Music is a big part of my life — I'm always discovering new artists, curating playlists for every mood. Still working on perfecting my rhythm and finding the next great read.

SKILLS

Multitasking, Creativity, Decision Making, Negotiation, Organizational skills, Leadership, Analytical skills

HACKATHONS

Organized - Sentinel hack 6.0
Participated - Hackzion v.2, Hackzion v.3, Axion, Nullpoint, Innovathon

CONFERENCE

Presented - 17th International Conference on Recent Engineering and Technology 2026
